# Report

## P.K.R. ARTS COLLEGE FOR WOMEN

Re-Accredited with 'A' Grade by NAAC  
Autonomous Institution – Affiliated to Bharathiar University  
Gobichettipalayam

---

The professional development program was held on Aug 17, 2023, through Googlemeet by the Department of mathematics at P.K.R. Arts College for Women, Gobichettipalayam.

The event was inaugurated with a warm welcome by Ms.S.Amshalekha, who emphasized the significance of effective preparation for the CSIR NET examination and the valuable insights that participants would gain from the program.

The highlight of the program was the presence of the esteemed Chief Guest, Dr. S. Priyadharsini, an Assistant Professor in Mathematics at Sri Krishna College of Arts and Science, Coimbatore. Her vast experience and expertise in the field added immense value to the event. Dr. S. Priyadharsini shared valuable insights into effective exam preparation techniques and strategies, drawing from her own academic journey and professional experiences. Her engaging session inspired both students and faculty members, setting a tone of enthusiasm and curiosity for the rest of the program.

The sessions covered a wide range of topics, including advanced mathematical concepts, problem-solving methodologies, time management, and examination strategies. Participants actively engaged in interactive discussions, group activities, and practice exercises, fostering a dynamic and enriching learning environment.

The collaborative nature of the program enabled fruitful interactions between students and faculty members. Participants had the opportunity to exchange ideas, share experiences, and learn from each other's perspectives. Faculty members expressed their commitment to supporting students in their CSIR NET preparation by implementing the strategies discussed during the program.

The event concluded with a vote of thanks delivered by Mrs.K.Saranya, expressing gratitude to Dr. S. Priyadharsini for her valuable insights, all participants for their enthusiastic engagement, and the organizing team for their meticulous planning and execution. The program was deemed a resounding success, having equipped participants with valuable hacks, techniques,

and strategies to navigate the challenges of the CSIR NET examination and further elevate the standard of mathematical education.

The "Hacks to crack CSIR NET - Mathematics" Professional Development Program served as a platform for fostering a culture of excellence, knowledge-sharing, and collaboration within the mathematical community. As participants carry forward the insights gained, we are confident that they will make significant strides in their academic pursuits and contribute to the advancement of mathematical research and education.

**Objective of the Function:**

The primary objective of the Professional Development Program on "Hacks to crack CSIR NET - Mathematics" is to equip participants with comprehensive strategies, techniques, and insights to effectively prepare for and excel in the challenging CSIR NET examination. By delving into the intricacies of mathematical concepts, problem-solving methodologies, and examination strategies, the program aims to empower both students and faculty members with the necessary tools to navigate this rigorous examination successfully.

**No.of Beneficiaries:** 43 Students and 14 Faculty members.

**Outcome of the Webinar:**

Participants will acquire a deep understanding of key mathematical concepts, allowing them to approach complex problems with confidence and precision.

The program will facilitate interactions between students and faculty members, encouraging the exchange of ideas and experiences, thereby enriching the learning process.
